Let's Find a Bible Study Class for You!

Throughout history, the Bible has been the single, greatest revelation of who our Heavenly Father is and how much He loves us as His creations and as His children. His living Word has transformed lives, guided churches, shaped communities and changed cultures - and it still does!

We believe that, in addition to individual Bible study and pastoral sermons, the transforming power of God's Word is often best discovered through groups of believers who meet to study His Word together. At Central, we have a variety of Sunday morning Bible study classes for different age ranges and/or life stages. Some classes will appeal to those looking for a large, social experience while other classes might appeal to those seeking more of an intimate, live-life-together type of group.

Whatever you are looking for, we are praying that, as you read through the class descriptions and talk to some of our folks, God will guide you towards people who, just like you, are seeking to know Him!

The word meek is the Greek word praus (prah-ooce'), which means gentle; the positive moral quality of dealing with people kindly, with humility and consideration (Strong's Concordance). Our desire for the Praus Fellowship (a multigenerational group) is that it is a SAFE place for anyone seeking to find a community to walk with in following Jesus. Knowing we will never get it 100% right, but loving each other and the world around us as we seek to be better reflections of Christ.
